DISEASES OF THE BLOOD.

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," Is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many pandar opinions this of bad blood is founded in truth.

The syntoms of had blood are usually quite plain—bad Digestion—causes Imperfect statrition, and conse mently the circulation is feeble, the soft tissues loose their tone and clasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soonshows itself in roughness of the skin, then In ear prive and victneyive diseases, and when loog continued, results in serious lesions of the Brain, Liver, Lungs, or afinary apparatus. Much, very much, or diring is caused by impure blood. It is estimated by some that one-fifth of fice human family are effected with serafula in some form.

When the about is pure, you are not so liable to any disease. Many impurities of the Blood arise tran impure diseases of large cities. Erad cate every impurity from the fountain of life, and good spirits fair skin and vital strength will return to you.

When the Urine is voided in small quantities at a time, or when there is a disposition to Urinate more frequently than naturah, or when the Urine is high colored or
seading with weakhess in the small of the
back, it should not be trifled with or delayed, but Koskon should be taken at once to
remedy the difficulty, before a lesion of the

Meets with GREAT SUCCESS in the CURE of Diseases of the Nervous System. Diseases of the Nervous System.

Almost nine-tentin of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils at mental depression, continsed ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical) are causing diseases of the nervous system to increase at a fearful ratio.

The synthoms to which diseases of the nervous system give rise, may be stated as wills house!
